What is a Parent Family Engagement Plan or PFEP?

Parent Family Engagement Plan or PFEP is a plan to assist in building parental engagement at your school Lakeville Elementary. Parental engagement is evident in many different areas. Parental engagement at home includes: responding to school requests, helping with homework, providing study time, and maintaining high expectations for your child's achievement in school. Engagement in schools entails communication with teachers, attending school functions, volunteering to help with activities, serving on school volunteer boards such as PTA or SAC, and helping with fundraising. Parental engagement also plays a role in the community in ways such as advocating for your school, supporting educational policies and bonds, and taking active roles in planning, developing, and governing education at the community level. Lakeville Elementary encourages parental engagement at all levels. To learn how you may become more involved please contact your child's teacher.
